

**Today I was bullied,  
She wanted to fight,**

**She got all her friends,  
It gave me a fright.**

**Alone at school,  
She teases my looks,**

**She tries to trip me up,  
Because I don't live by her books.**

**I want it to stop,  
It's droving me mad,**

**It makes me scared and ill,  
It makes me feel so bad.**
