Creating Safe and Supportive Cultures for Leaders and Managers

Creating Safe and Supportive Cultures for Leaders and Managers is a day course designed to support leaders and managers with creating environments where staff and service users feel safe from bullying and harassment.

Learning outcomes

On completion of the course delegates will be able to:

- Understand bullying and harassment including legal requirements to keep staff safe
- Recognise and explore the impact of bullying on individuals, teams and the work environment
- Develop workplace cultures to prevent bullying and harassment
- Improve the response to bullying and harassment
- Develop an action plan for your workplace

We deliver the course throughout the year at a central London venue and can also deliver onsite to leaders and managers in your workplace. Proceeds from this course help fund our vital work with children and young people.
